

A cross-sectional diagram of a multi-layered structure. It consists of a base layer (1) with vertical hatching, a middle layer (2) with diagonal hatching, and a top layer (3) with horizontal hatching. A thin layer (4) is on top of layer 3, and a thin layer (5) is on top of layer 4. The layers are shown in a perspective view, with the top layer (3) being the most prominent.
